OBJECTIVE

Disciplined and passionate graduate of University of Aegean, thrilled with the idea of working in the field where my studies were based. Being born and raised in Chios, where the heart of seamanship beats, it is only reasonable that all my role models and inspirations come from the shipping industry where i look forward to engaging and actively working. Eager to expand my horizons and face new challenges with an insatiable appetite for learning.

EXPERIENCE

Branch of catering services. Greece | 2013 - 2024
